

COMPANY PROFILE

SEPTEMBER 2026

revigres

THE COMPANY

Revigrés is a 100% Portuguese company that specialises in the production of ceramic tile solutions; it has been tiling the world with stories, inspiration and art for over almost 50 years.

+ 49 YEARS

+ 350 EMPLOYEES

+ 4 MILLIONS m²
(installed production capacity)

+ 280.000 m² TOTAL AREA

+ 140.000 m² COVERED AREA

THE COMPANY

The Revigrés commercial building – inaugurated in 1997 - was designed by the architect Álvaro Siza, the first winner of a Pritzker Prize in Portugal.

CHRONOLOGY

MISSION AND VALUES

Help to create unique and inspiring environments through the production of technically advanced ceramic design solutions, with a Portuguese soul founded on the following values:

EXCLUSIVITY

Exclusive and customised design ceramic solutions.

DESIGN AND CREATIVITY

Different and aspirational products.

INNOVATION

Technological solutions and products that add value.

THE PORTUGUESE WAY

The know-how of a country with a strong tradition in ceramics.

VISION

To be a leading company in ceramic wall and floor coverings, internationally recognized for excellence and sustainability.

STRATEGY

Profitable growth
Innovation and Product Quality
Operational Efficiency

GLOBAL QUALITY

Revigrés has a five-time certification of its integrated management systems, in the following references:

QUALITY;
ENVIRONMENT;
SOCIAL ACCOUNTABILITY;
ENERGY;
RESEARCH, DEVELOPMENT AND INNOVATION.

THE COMPANY

Revigrés has a showroom at the head-office (Barrô - Águeda) and in Lisbon, managed by a dedicated team offering an expert service.

STATE OF THE ART TECHNOLOGY

STATE OF THE ART TECHNOLOGY

Spread across 280,000 m² of industrial facilities and with a production capacity exceeding 4 million m² annually, Revigrés combines advanced technology, innovation, and sustainability to deliver high-quality solutions.

Energy-efficient processes and responsible practices are integrated throughout the value chain, from concept development to final production, ensuring operational excellence and a reduced environmental footprint.

QUALIFIED KNOW HOW

Revigrés stands out for the modernity and distinction of its solutions, supported by a cohesive team focused on excellence and creating value in a sustainable way.

DESIGN, INNOVATION AND EXCLUSIVITY

The excellent technical properties of porcelain tiles – water absorption close to zero, high resistance to stains and chemicals, and wear resistance, high mechanical strength, fire-resistance, easy to clean and maintain – were instrumental in choosing the Chromatic Collection - one of the most complete full-body, world class collection - for big projects, such as the Sagrada Familia Basilica in Barcelona, for which Revigrés has developed more than 50 customised colours.

WHAT THEY SAY ABOUT US

HARRODS GALLERY
LONDON, ENGLAND

“Revigrés was identified from the start as a reliable partner in such a prestigious project like Harrods in London.”

Alan Collie
Commercial Director, Domus

BAKER HUGHES HEADQUARTERS
LONDON AND NORWAY

“In this project we chose Revigrés porcelain tiles for the floors. On the one hand, due to their high mechanical strength, suitable for high traffic areas and, on the other hand, the aesthetic effect. We fully trust our partner.”

Jan Eimar Dalva, Modena Tiles

VILA GALÉ HOTELS
PORTUGAL

“Revigrés, who has been our partner since 2006, makes many proposals to the designer, resulting in an endless number of solutions that make each project unique. At the SPAs, swimming pools and service areas, we use anti slip ceramic floor tiles to assure our guests and workers safety.”

Luís António, architect - Vila Galé Hotels

CONTRIBUTION TO INDOOR AIR QUALITY

Ceramic does not release any toxic substances, such as VOCs, even when subjected to high temperatures, promoting a healthier and safer indoor environment.

DECLARATION OF EXEMPTION FROM REACH REGISTRATION

Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the registration, evaluation, authorisation and restriction of chemicals (REACH) establishes responsibilities for the various sectors involved in the supply chain for chemical substances, including manufacturers, importers, users, distributors/retailers and only representatives. These responsibilities include: (described in various articles of this Regulation, specifically Article 7, Article 33 and Annex XVII)

- Registration and notification of substances in articles;
- Duty to communicate information on substances in articles;
- Restrictions on the manufacture, placing on the market and use of certain hazardous substances, preparations and articles.

We announce that Revigres products:

- Contain no intentionally released substances;
- Contain no substances of very high concern, whose concentration exceeds 0.1% w/w.

Therefore we attest that Revigres products do not contain substances subject to coding, and are exempt from REACH registration.

Quality Department

SUSTENTÁVEIS

Addressing major environmental concerns:

- Reducing energy consumption;
- Reducing CO2 emissions;
- Scarcity of raw materials and water.

OUR TITLES ARE GREEN

Being able to reduce our environmental footprint is a global concern that Revigrés incorporates into a structured Environmental Policy, backed by investment in innovation and the adoption of eco-efficient behaviour.

ENVIRONMENTAL POLICY

Up to 99% OF RECYCLED MATERIALS
INCORPORATED ACCORDING TO
COLLECTION, COLOUR AND FORMAT

Clean energy: 7,328 photovoltaic panels, which contribute to 20% of the total electricity consumed.

1,826 Tonnes per year CO2 Emissions Reduction

100% Industrial wastewater treatment and reuse

98% of process waste is recovered and incorporated directly into production and other manufacturing processes.

BIM OBJECT LIBRARY

Revigrés was the first Portuguese wall and floor tile company to invest in the BIM Methodology aiming at the Construction sector's sustainability and efficiency.

Presence on BIM Object: Top 2 internationally for downloads, among 42 brands in the ceramic floor and wall covering sector.

90% of the project portfolio is listed on BIM Object.

Compatible with Autodesk Revit architecture software.
Technical support: bimsupport@revigres.pt.
